BONAMICI
C E L L A R S

Bonamici Cellars, based in Okanagan Falls, was founded by consulting winemaker, Philip Soo with good friend and business partner Mario Rodi. Beginning as a virtual winery in 2012, Bonamici has grown into a fully functioning winery and tasting room in six short years. The team at Bonamici is focused on crafting some of the highest quality wines that the Okanagan has to offer. Bonamici – Italian for “good friends” captures the essence of the brand; to share a passion for great wine and food with family and friends.

BOTTEGA • WINE • STUDIO

HOME OF THESE GREAT WINE BRANDS

Bottega Wines™ is where award-winning winemaker, Daniel Bontorin, formerly of LaStella and Le Vieux Pin crafts small red and white wines from grapes he feels displays the highest potential from the Okanagan. Varieties like Merlot, Cabernet Franc and Viognier. If you have been following Daniel's career, you probably know he enjoys making rich, deep, long lived reds and supple aromatic crisp whites. We think your senses will be delighted with these hand-crafted wines.

K Little Vintners™ K Little Vintners pays homage to the family name behind Bottega Wine Studio, it's brands and Kristine Little, the winemakers wife. Like the Littles, these red and white blends reflect their transparency, honesty and easy-going nature, while staying true to their roots.

Seven Directions Wine is a “rosé exclusive” brand, dedicated to producing single vineyard, single varietal rosé wines from select varieties and sustainable purpose farmed vineyards. The namesake comes from their blended family of 5 children, Kristine and Daniel. With their lives going in 'seven directions' this made for the perfect name.

STONEBOAT

PINOT HOUSE

Stoneboat is entirely family owned and operated which guides the entire wine growing cycle. From growing their own vines from cuttings, seeing the vines through harvest and making wines from their fruit. Careful stewardship of the land ensures that the team maintains a balanced, healthy environment for the vines that results in balance and complexity in the wines.

In pursuing excellence in their wines, Stoneboat Vineyards is proud to collaborate with institutions such as the University of British Columbia, by exclusively funding the direct costs of research projects that will increase industry knowledge and enhance wine quality.

tumble wines

CRAFT WINERY

Tumble Wines embraces the freedom of not being tied down by roots. They focus on producing craft wines from small parcels of fruit sourced from single vineyards that they have a hand in managing from start to finish. Without the constraints of owning land or a brick and mortar winery, Tumble Wines is able to roll with the wind and create something new every vintage.

A bit more about the vineyards that make Tumble Wines....

Sandbar Vineyard- South East Kelowna

Tumble Wines has leased this land continuously since 2019 when it produced its first Riesling from this site. Further plantings of Riesling are anticipated to fill in gaps in the current acreage and there is potential to expand a lower 2.5-acre portion of land with Pinot Noir and Riesling plantings in 2021.

Cactus Crescent Vineyard- Osoyoos Lake District

Wines from this site produced so far are Wind Blown White (a field blend of Chardonnay, Viognier, Sauvignon Blanc and Muscat) a Pinot Noir Rose, Chardonnay and Pinot Noir wines. In 2021 the team is looking at grafting or replanting odd varieties to focus on Pinot Noir and Chardonnay at this site.

Clearbrook Vineyard- Fraser Valley

Prior to the inception of Tumble Wines, this vineyard was leased out to another Fraser Valley Winery with multiple award-winning vintages. In 2019, Tumble Wines jumped at the chance to manage this site and is working with the original owners to produce their own Wine Label "Clearbrook Vineyards" in addition to adding Siegerrebe to the Tumble Wines Portfolio.

Scenic Road's orchards have produced eight decades of harvest. Its backyard is home to the apple varieties found in its small-batch, hand crafted ciders. Their process involves using locally sourced apples from its orchard and those of its neighbours to create the most delicious ciders you can find. Of course, the cider is naturally gluten free, and made with plenty of care and attention right in its century old packing house.
